General Remarks

For other types of application or use at higher concentrations, a new assessment may be required; please contact your supplier.

The IFRA standards regarding use restrictions are based on safety assessments by the Expert Panel of the RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM) and are enforced by the IFRA Scientific Committee.

The assessment of individual fragrance ingredients is carried out according to the safety standards contained in the relevant section of the IFRA Code of Practice.

It is the ultimate responsibility of our customer to ensure the safety of the finished product (containing this fragrance) through further testing where necessary.
