For any other application or at higher concentration a new evaluation may be required; please contact us.

IFRA Standards regarding usage restrictions are based on safety assessments developed by the Expert Panel of the Research Institute for Fragrance Materials (RIFM) and are supported by the IFRA Science Committee.

The safety assessment of individual ingredients of the product has been carried out in accordance with the safety guidelines contained in the relevant section of the IFRA Code of Practice.

Ensuring the safety of the final product (which contains this product) is the sole responsibility of our customers and is carried out by conducting further tests, if necessary.
